**EasyAs! Features**

EasyAs! runs on Microsoft Windows PC's & tablets installed with XP, Vista, 7, 8, 10 – both 32bit and 64bit versions. It can be installed on multiple computers, connected to each other sharing the same data.

Basic features include : Full stock control, generate quotations, vouchers, gift cards, invoicing, clients file, debtors, creditors, loading of supplier invoices, SMS feature, lay-buys, waiting tables, touch-screen operation, barcode labeling – built-in barcodes generator, has an extensive reports range, adequate user security, biometrics support & a whole lot more.

A computer running XP, Vista, Windows 7, 8, 10 is required. We can supply a quotation for this and any extra hardware, namely cashdrawers, scanners, slip printers, pole displays, biometric fingerprint readers, etc that you may require.

You are welcome to supply your own hardware provided it meets with our minimum requirements for the effective use of EasyAs!. Multiple computers (terminals) can be connected together via ethernet or wireless networks & share data across the network.

All versions of EasyAs! Business Software are subject to an annual site/support fee of R1450incl irrespective of how many terminals you have running the software. Consider this a cheap support fee! This includes software updates and telephone & remote support.

Please feel free to contact us if you have further queries. We are available till 7pm weekdays.

\*The above quotation applies if it is accepted in its entirety.

\*All deposits paid, including training is not refundable.

## Regards

**Ryan Pigeon**
